

## Be prepared to compete by knowing the rules & how to participate:

- 1) Each team captain **MUST** contact each opponent prior to playing. **DO NOT START A MATCH WITHOUT MAKING CONTACT WITH YOUR OPPONENTS VIA TEXT OR CALL.**
- 2) Be ready to throw darts **NO LATER** than start time. All matches **MUST** be started within 10 minutes of the match post time on the brackets. Violation of this rule calls for **MATCH FORFEITURE**.
- 3) Arrive extra early to your location and play a casual remote game to ensure internet connectivity.
- 4) The captains list & brackets will be live by start time and as early as 30 minutes prior to start time.
  - a. You will use this captains list for contacting opponents, finding team numbers and finding what "League Codes" to use at the board.  
NOTE: Do not argue or disrespect opponents. Get help from admins to resolve any issues. This includes negative comments about strategy. Unless a team is violating the rules – keep it to yourself. Do not message teams accusing them of sandbagging. VIOLATIONS TO THIS RULE ARE MEANS FOR AT LEAST IMMEDIATE 30-DAY SUSPENSION.
- 5) Brackets are on CompuSport. You will use the brackets to see who your opponents are & **SCORE YOUR MATCHES**. After the bracket is live, a member of every team should register as "scorekeeper". This person will score the matches after the completion of each match to move them forward on the bracket. [Scoring Matches & Using the CompuSport App](#)
- 6) When you get to the board go to LEAGUE MODE, then PLAY LEAGUE and find the codes: VRACE WRACE XRACE YRACE
  - a. 'League Mode'
  - b. 'Play League'
  - c. Choose correct League Code (See captains list for which league code to use)
  - d. Select 'Yes, both cameras work'. If cameras are not working, exit league mode & update the board, then return to setup.
  - e. Choose your team Choose whether you are Home or Away (Look at the bracket on CompuSport, the team on the top of the match is the Home Team.)
  - f. Choose Opponent Team Choose 'Local' if your opponent is with you at your location, playing on the same board. Choose 'Remote' if your opponent is at a different location
  - g. While the board is "waiting for opponents" it is a great time to text your opponents to let them know you are ready if you have not previously done so.
  - h. **DO NOT** hit start on the match until you have communication to & from opponents.
- 7) DRTs are Double Elimination. Format:
  - a. Winners side: Race to 2, All Cricket
  - b. Losers side: Race to 2, All Cricket
  - c. Extra games added to the King & Pre-King Seat match(es) as shown on the bracket.
- 8) **CORKING** – The cork is one round of 501 oi/do split bull. If you see 501 in a DRT – it is a CORK. The #1 players from each team will throw 3 darts - The lowest 501 score wins (the person who gets the most points). Unless there is a tie, hit the red button to skip the 2<sup>nd</sup> shooters & declare the cork winner. In the event of a tie you will play one more round with the second players shooting. Corking is done before the first game & before tiebreaker games.
